#### Tip !

Montere kun 1 skrue i hvert bræt, så der er mulighed for justering, når brættet skal fastgøres til det andet hjørne..!

#### Tips !

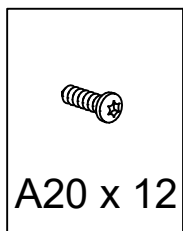

Mount only 1 screw in each board, so there is a possibility of adjustment when the board must be fixed to the other corner..!

#### Tipps !

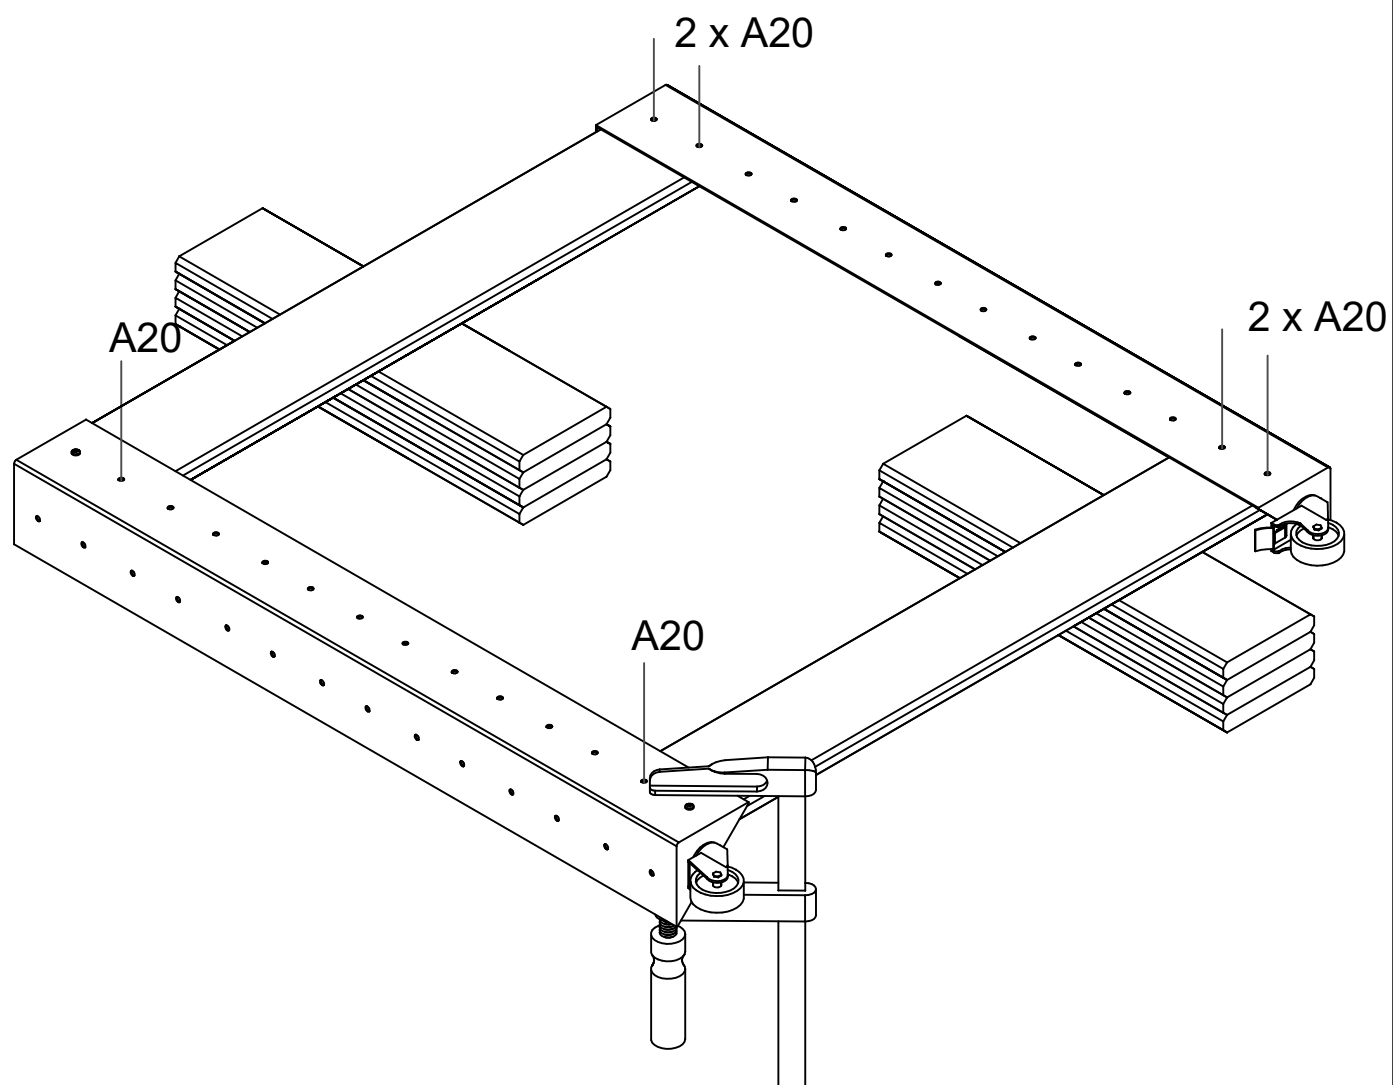

Vorerst eine Schraube je Brett verwenden, so besteht die Möglichkeit es zu justieren, wenn es an der anderen Ecke montiert wird..!

#### Conseil !

Utiliser une seule vis par planche pour commencer afin d'avoir la possibilité d'ajuster la planche quand elle est montée de l'autre angle..!
